

## Supplementary Materials for McElwee & Tran

Articles on reforestation in Vietnam were searched in February 2020 in Web of Science with the search string (Vietnam AND (reforestation OR afforestation OR “tree planting” OR “forest landscape restoration” OR “forest restoration” OR “ecological restoration”)) resulting in 133 hits. Additional references not found on WoS were included from literature the authors were familiar with, for a total of 149 references reviewed, with several additional references published since February 2020 added during article revisions.
