

We offer a variety of advertising options to meet your needs. In addition to online advertising, we offer traditional print advertising to ensure your promotions are seen by a wide audience. Our journals are read by scientists, scholars, researchers, policy makers, administrators, practitioners, professionals, and students. If you would like to discuss your advertising needs, receive a sample journal issue, or reserve advertising space, please contact our advertising manager at:

Specifications

In general, unless you have in-house design staff, we highly recommend using the services of a graphic designer or an ad agency. We require press quality Adobe Acrobat PDF files, with fonts embedded, and grayscale images of at least 300 ppi.

1. Ads must be at final size, per dimensions listed on the following page, with no bleeds.
2. Ads must be in grayscale. We do not accept RGB for print. Exceptions: *Native Plants Journal* accepts CMYK color ads, and *Ecological Restoration* may accept a CMYK color ad in limited circumstances.
3. If at all possible, art should be created from electronic files, NOT scans. If absolutely necessary, artwork may be scanned, with a resolution of at least 300 dpi at final reproduction size or larger.
4. Fonts must be embedded or outlined.
5. We do not accept ads created in Microsoft Word or Publisher. Please use a graphics program such as Adobe Photoshop, InDesign, or Illustrator to create your press quality PDF.
